The Westchester Town Center BID through its Ambassador and contracted non-profit partner PATH (People Assisting the Homeless) have been working to provide services to a homeless man that has been living in the exit alcoves of the Office Depot building located at 8900 S. Sepulveda over the past 45 days or so. BID streetscape maintenance crews have pressure washed and sanitized the area on several occasions. LAPD patrol officers have assisted from time to time but have not been able to take more permanent action for want of a current Trespass Arrest Authorization. Over the past few days the situation has become an intolerable health hazard for the homeless individual and the public at large. The alcoves reek of urine and human feces has been smeared throughout. We have collected photographic evidence.

The property owner has provided a Trespass Arrest Authorization form, copy attached, to assist us in remedying this situation on a permanent basis as soon as possible. We need your assistance in this regard. Can you guys act based upon this email and the attachment? Let me know as I may assist in any way.

I'm available at [310-417-9030](tel:310-417-9030) to answer any questions. Miki has placed a high priority on resolving this problem because it is important to Karen Dial.

Thanks Ruben & Tony.
